© SLICK SURGICO, PAKISTAN

Introduction

Slick Surgico is the only company in Pakistan, who is manufacturing extracting forceps of all patterns, root elevators, orthodontic pliers, mouth mirrors, impression trays & other dental instruments according to international standards and also exporting all over the world.

Slick Surgico is committed to developing innovative, research-driven solutions that truly impact the quality of instruments.

Slick Surgico advances diagnostics and specialty products supplies they can count on to help them make a difference.

Slick Surgico geared to customer satisfaction and conformity of its products with the requirements of international standards, have enabled to project an image of professional skill and reliability that is the secret to its increasing success.

Slick Surgico always works to build relationships and earn trust by delivering the utmost in support with integrity and professionalism through supplying high quality manufactured products according to client's demand.

Slick Surgico instruments are made from the finest grade of stainless-steel on precision security, accuracy of pattern with latest technology. We also manufacture the similar instruments according to samples and drawings on the special demand of our valued customers.

We hope the catalog with its specialties will help you to establish a reinforced mutual business relationship with our company through your kind co-operation. We are always here to serve you as per demand and desire.
